Re: Plymouth Technology Center Flood

Dear Bruce:

Thanks very much for your note regarding our last bill. We certainly were pleased with the performance of your company and the initial response that we received from you and Ken Viafore.

I hope that it is a good long time before we are in a position to require your services but in the event that we do you will be one of the first people that I call.

Thanks again.

Very truly yours,

Robert F. Gearty, Jr.
Senior Vice President
Director of Corporate Services
